ENTERPRISE PRODUCTS OPERATING LLC

May 4, 2020

Greetings:

Over the next several months, beginning May 11, 2020, Enterprise TE Products Pipeline Company LLC (Enterprise), formerly known as TEPPCO, will be doing routine mowing and clearing of our A-3 Pipeline Right of Way in Berks, Chester, Dauphin, York, Cumberland, Lancaster, Lebanon, Delaware, Perry, Juniata, Huntington, Blair, Cambria and Indiana, Counties Pennsylvania. According to our records, our pipeline crosses or is in close proximity to property you own therefore you may see these activities in your vicinity. We will be performing routine maintenance to include as needed tree-trimming from within the pipeline easement. Other maintenance to be conducted will be the mowing of the pipeline rights of way and installation of rights of way signage. Per the easement agreements there are to be no permanent structures such as storage buildings, sheds, or dwellings within the right of way easement. We will be accessing the pipeline right of way by the easement where at all possible.

The mowing itself will be undertaken by a contract mowing service however an Enterprise company representative will be with them. Should you have any questions or need to discuss this activity feel free to contact

Enterprise Senior Land Representative
Cole E. Lee (570) 505-9553

Sincerely,

A handwritten signature in blue ink that reads "Eric C. Alley".
