We are providing you with this list of recyclers as an informational item; it is not an endorsement of any operation shown. If you know of other recycling centers that accept construction debris and are convenient to the Township, please inform our staff and we will be happy to add them to this list.

The closest landfill to the Township is the LanChester Landfill at Narvon, which is nearly twenty miles from the Exton crossroads and has a tipping fee of \$72.00/ton at this writing. When transportation costs are taken into account, you may find that recycling will cost you *less* than going to the landfill.
