

May 14, 2025

Dear Customer,

I am writing to provide you with details on Aqua Pennsylvania's upcoming construction work that is scheduled in your neighborhood or place of business. Monday, June 2, 2025, Aqua Pennsylvania will begin the installation of 5,300 feet of new water main on **N Whitford Road between Devon Drive Road and Spruce Drive** in Uwchlan and West Whiteland Townships.

The \$2,100,000 project is part of our continuing infrastructure improvement program that replaced more than 10 miles of aging main in Chester County in 2024 to improve service reliability for customers. The new water main will reduce the potential for main breaks, discolored water and improve water flow in the area.

Construction will generally take place weekdays between 9 a.m. and 3 p.m. Access will be provided for emergency, mail and trash service. Residents will have access to their properties, but at times will need to enter from different directions due to changing work zones. Following installation, the new main will be flushed, chlorinated and tested for water quality before being placed into service. During the chlorination/testing phase, activity on the job site may be limited. Once the water quality testing has been completed, we will transfer each water service and fire hydrant to the new main. When all final connections are made to mains on the side streets, the old main will be abandoned. It is important to note the trench will be covered with **temporary** blacktop at the end of each workday. Permanent restoration will take place in the fall of 2025.

We will notify customers ahead of any planned water service interruptions and will provide 24 hours advance notice for any scheduled interruption greater than 30 minutes. Aqua will have an inspector on the job each day to answer your questions.

Please refer to the accompanying door hanger for more information on what to expect as we begin our construction project in your neighborhood.

In addition to reaching our customer service staff and emergency dispatcher at the number listed on the doorhanger accompanying this letter, you may also call us with any questions regarding the project at 610.430.0747 ext 55077.

Sincerely,

A handwritten signature in black ink, appearing to read "Alan Roth".
